Water Rate Increase

Town Manager Justin Cox – Reviewed the operating budget for the water system. The budget projection showed a net revenue of \$20,000.00. The water well repair last year cost the town \$150,000 which significantly reduced the fund balance. After a review of the water operation assessment performed recently by the La. Department of Health, they indicated that the revenue produced was not adequate to run and properly maintain the system. In addition, the addition of the water operation contract

approved tonight, that net revenue will decrease down to \$3,000.00, which further erodes the necessary income needed for properly maintaining the system. The suggested increase is \$5.00 to all rates. The council will need to address this at the next meeting.

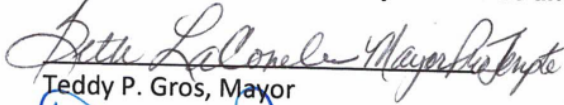

Adjournment.

Motion by Tori Robillard, seconded by Kirk LaCombe

Resolved, to adjourn the meeting 7:48 P.M.

Motion carried unanimously.

By our signatures, we hereby attest true and approved minutes of the Town of Fordoche.
